

NO HIDDEN COSTS

Don't get nickel and dimed.

Lytec[®] MD will help you achieve Meaningful Use with one simple, predictable pricing structure.

Thanks to new, simplified pricing and enhanced features, Lytec MD gives you the assurance and predictability your practice needs as you start to qualify for ARRA stimulus incentives.

With ANSI 5010 coming soon, it pays to adopt early.

Lytec MD is specifically designed to prepare your practice for ANSI 5010, while greatly increasing the efficiency of scheduling, billing, reporting and revenue management. But hurry. Upgrading now may reduce the risk of rejected claims and disrupted cash flow as ANSI 5010 is adopted in January 2012.

Upgrading to a combined PM/EHR in Lytec MD makes real sense.

Plan for ANSI 5010 and EHR stimulus incentives with Lytec MD, McKesson's combined PM/EHR solution specifically designed for Lytec MD users like yourself. Lytec MD features Bright Note Technology™ that lets physicians capture an entire patient encounter in a single note using their preferred input method.
